- High flow drainage rates
- Non-absorbent construction and system
- Lush fresh cut appearance
- Safe for pets of all breeds and sizes
- Easily cleaned unlike other alternatives
- No need for harmful chemical, fertilizers, or pesticides
- Loved by pets and owners alike

SOFTLAWN® KENNEL CUT

BENEFITS

SoftLawn® Kennel Cut is an excellent product for commercial and residential pet facilities, with a thatch layer for added body, reducing the amount of infill needed. The four color blend of this product provides an authentic look and feel that truly resembles a natural lawn. SoftLawn® Elite can be used for landscapes, putting green fringes and playgrounds.

It is the policy of Synthetic Turf International to continuously improve their line of products. Therefore, Synthetic Turf International reserves the right to change, modify or discontinue systems, specifications and accessories of all products at any time without notice or obligation to purchaser. These are standard specifications subject to manufacturing tolerances and consumer requests.
